

Asep Syaepul Rohman

UI/UX Designer & Developer

Cilandak, Jakarta Selatan | mail.asepsyaepul@gmail.com | [0811186695](tel:0811186695) | linkedin.com/asepsyaepul | github.com/asepsyaepul | asepsyaepul.notion.site

SUMMARY

Seasoned UI/UX professional with over 7 years of experience in designing and implementing user-centered digital products. With 1.5+ years as a UI/UX Developer, I bridge the gap between high-fidelity designs (Figma) and production-ready interfaces using React.js, Next.js, and TypeScript. Proven success in delivering impactful solutions for ERP, POS, and Government systems, driving up to 25% user adoption growth and enhancing user satisfaction by 28%.

EDUCATION

Formal Education

- **Binus University (2018 – 2020)**
Bachelor of Information Systems | GPA : 3.20
- **Bogor Agricultural University (2014 – 2017)**
Associate's Degree of Informatics Management | GPA : 2.81

Non Formal Education

Frontend Development

- HTML, CSS, JavaScript (ES6+), React, Next.js, TypeScript, Tailwind CSS

Soft Skills

- Problem Solving & User-Centric Thinking
- Cross-Functional Collaboration & Communication

Languages

Indonesian (Native), English (Limited Working Proficiency)

WORKING EXPERIENCES

PT Dinamika Simbolis Indonesia – Tangerang, Indonesia

UI/UX Developer (Jan 2026 – Jul 2026)

- Symbolix.ai (ERP & POS): Spearheaded the end-to-end UI/UX redesign, transforming complex financial workflows into intuitive, user-centric interfaces. Conducted extensive user research and usability testing to streamline ERP modules, resulting in improved navigation and increased operational efficiency for end-users.
- Bespoke Project – PT Liftech Abdi Perkasa: Managed the full-cycle digital transformation, from UI/UX auditing and wireframing to technical deployment using TypeScript and Shadcn UI.

PT Tehnonusa Prima Solusi – Jakarta, Indonesia

Software Developer (July 2025 – February 2026)

- Developed and optimized production-level web applications for Korlantas Polri using React.
- Built high-performance user interfaces and ensured stability across complex application modules.
- Collaborated with cross-functional teams on data integration and feature delivery.

PT Serasi Autoraya (SERA) – Jakarta, Indonesia

UI/UX Designer (December 2024 – May 2025)

- Redesigned TRACtoGO web and mobile applications, reducing design-to-development time by 30%.
- Maintained and scaled design systems to ensure consistency across multiple digital products.
- Worked closely with developers and stakeholders to ensure technical feasibility.

PT Laluasa Cipta Asia (Gizalab) – Jakarta, Indonesia

Product Designer (October 2023 – August 2024)

- Designed and implemented end-to-end product experiences, from user flow definition and high-fidelity design in Figma to frontend implementation.
- Improved user satisfaction by 28% through refined information architecture and interaction design.

PT Duta Daya Digital (Crewdible) – Tangerang, Indonesia

UI/UX Designer (May 2022 – April 2023)

- Revamped the OMS Crewdible application, increasing conversion rates by 24%.
- Ensured responsive design across devices while aligning with business and technical requirements.

PT Astra Graphia Information Technology – Jakarta, Indonesia

UI/UX Designer (June 2019 – April 2022)

- Designed frontend features for the Isuzu Link application, contributing to 25% growth in new users.
- Managed up to five concurrent design projects under tight deadlines while maintaining UX quality.
